**Inspection of
Nation Smith Hermes Diamond
Accountants & Consultants
A Professional Corporation**

Issued by the

Public Company Accounting Oversight Board

September 28, 2005

PCAOB RELEASE NO. 104-2005-075

Notes Concerning this Report

1. Portions of this report may describe deficiencies or potential deficiencies in the systems, policies, procedures, practices, or conduct of the firm that is the subject of this report. The express inclusion of certain deficiencies and potential deficiencies, however, should not be construed to support any negative inference that any other aspect of the firm's systems, policies, procedures, practices, or conduct is approved or condoned by the Board or judged by the Board to comply with laws, rules, and professional standards.
2. Any references in this report to violations or potential violations of law, rules, or professional standards should be understood in the supervisory context in which this report was prepared. Any such references are not a result of an adversarial adjudicative process and do not constitute conclusive findings of fact or of violations for purposes of imposing legal liability. Similarly, any description herein of a firm's cooperation in addressing issues constructively should not be construed, and is not construed by the Board, as an admission, for purposes of potential legal liability, of any violation.
3. Board inspections encompass, among other things, whether the firm has failed to identify departures from Generally Accepted Accounting Principles ("GAAP") in its audits of financial statements. This report's descriptions of any such auditing failures necessarily involve descriptions of the related GAAP departures. The Board, however, has no authority to prescribe the form or content of an issuer's financial statements. That authority, and the authority to make binding determinations concerning an issuer's compliance with GAAP, rests with the Securities and Exchange Commission ("SEC" or "Commission"). Any description, in this report, of perceived departures from GAAP should not be understood as an indication that the Commission has considered or made any determination regarding these GAAP issues unless otherwise expressly stated.

**INSPECTION OF NATION SMITH HERMES DIAMOND ACCOUNTANTS
& CONSULTANTS A PROFESSIONAL CORPORATION**

The Public Company Accounting Oversight Board ("PCAOB" or "the Board") has conducted an inspection of the registered public accounting firm Nation Smith Hermes Diamond Accountants & Consultants A Professional Corporation ("the Firm"). The Board is issuing this report of that inspection in accordance with the requirements of the Sarbanes-Oxley Act of 2002 ("the Act").

The Act restricts the Board from publicly disclosing portions of an inspection report that discuss certain types of deficiencies or certain other nonpublic information.^{1/} Because the inspection did not identify instances of such deficiencies, and because the report does not otherwise disclose protected information, the Board is making the entire report available to the public.

^{1/} The Board has elsewhere described in detail its approach to making inspection-related information publicly available consistent with legal restrictions. See Statement Concerning the Issuance of Inspection Reports, PCAOB Release No. 104-2004-001 (August 26, 2004).

PART I

INSPECTION PROCEDURES AND CERTAIN OBSERVATIONS

Members of the Board's inspection staff ("the inspection team") conducted fieldwork for the inspection from April 22, 2005 to April 28, 2005. The fieldwork included procedures tailored to the nature of the Firm, certain aspects of which the inspection team understood at the outset of the inspection to be as follows:

Number of offices	1 (San Diego, California)
Ownership structure	Professional corporation
Number of partners	11
Number of professional staff ^{2/}	57
Number of issuer audit clients ^{3/}	3

Board inspections are designed to identify and address weaknesses and deficiencies related to how a firm conducts audits. To achieve that goal, Board inspections include reviews of certain aspects of selected audits performed by the firm and reviews of other matters related to the firm's quality control system.

In the course of reviewing aspects of selected audits, an inspection may identify ways in which a particular audit is deficient, including failures by the firm to identify, or to

^{2/} "Professional staff" includes all personnel of the Firm, except partners or shareholders and administrative support personnel. The number of partners and professional staff is provided here as an indication of the size of the Firm, and does not necessarily represent the number of the Firm's professionals who participate in audits of issuers or are "associated persons" (as defined in the Act) of the Firm.

^{3/} The number of issuer audit clients shown here is based on the Firm's self-reporting and the inspection team's review of certain information for inspection planning purposes. It does not reflect any Board determination concerning which, or how many, of the Firm's audit clients are "issuers" as defined in the Act.

address appropriately, respects in which an issuer's financial statements do not present fairly the financial position, results of operations, or cash flows of the issuer in conformity with GAAP.^{4/} It is not the purpose of inspection, however, to review all of a firm's audits or to identify every respect in which a reviewed audit is deficient. Accordingly, a Board inspection report should not be understood to provide any assurance that the firm's audits, or its issuer clients' financial statements, are free of any deficiencies not specifically described in an inspection report.

A. Review of Audit Engagements

The scope of the inspection procedures performed included reviews of aspects of the performance of two of the Firm's audits of the financial statements of issuers.^{5/} Those audits and aspects were selected according to the Board's criteria, and the Firm was not allowed an opportunity to limit or influence the selection process. The engagement reviews did not identify any audit performance issues that, in the inspection team's view, resulted in the Firm failing to obtain sufficient competent evidential matter to support its opinion on the issuer's financial statements.

^{4/} When it comes to the Board's attention that an issuer's financial statements appear not to present fairly, in a material respect, the financial position, results of operations or cash flows of the issuer in conformity with GAAP, the Board reports that information to the SEC, which has jurisdiction to determine proper accounting in issuers' financial statements.

^{5/} One of the two audits reviewed had been performed by, and the audit report was issued in the name of, Mayer Hoffman McCann, PC ("MHM"), which is a registered public accounting firm. In January 2005, MHM purchased the Firm's SEC audit practice.

B. Review of Quality Control System

In addition to evaluating the quality of the audit work performed on specific audits, the inspection included review of certain of the Firm's practices, policies and procedures related to audit quality. This review addressed practices, policies and procedures concerning audit performance, training, compliance with independence standards, client acceptance and retention, and the establishment of policies and procedures. The inspection team did not identify anything that it considered to be a quality control defect that warrants discussion in a Board inspection report.

END OF PART I

PART II

RESPONSE OF THE FIRM TO DRAFT INSPECTION REPORT

Pursuant to section 104(f) of the Act, 15 U.S.C. § 7214(f), and PCAOB Rule 4007(a), the Board provided the Firm an opportunity to review and comment on a draft of this report. The Firm provided a written response.

Pursuant to section 104(f) of the Act and PCAOB Rule 4007(b), if a firm requests, and the Board grants, confidential treatment for any of the firm's comments on a draft report, the Board does not include those comments in the final report. The Board routinely grants confidential treatment, if requested, for any of a firm's comments that identify factually inaccurate statements in the draft that the Board corrects in the final report.

Pursuant to section 104(f) of the Act and PCAOB Rule 4007(b), the Firm's response, minus any portion granted confidential treatment, is attached hereto and made part of this final inspection report. In any version of this report that the Board makes publicly available, any portions of the Firm's response that address nonpublic portions of the report are omitted.

Re: Draft Report on Inspection

Dear Mr. Diacont:

We are in receipt of the draft report dated July 25, 2005 on the Inspection of Nation Smith Hermes Diamond Accountants & Consultants A Professional Corporation.

We have reviewed the draft report and have no comments to provide in response to the report on the firm's review.

Our inspection was conducted in a very professional manner. We are pleased to have demonstrated to the Inspection Team's satisfaction that the attestation services that were performed for our public company clients were in compliance with the PCAOB and professional standards.

We look forward to the receipt of the final report.

Sincerely,
NATION SMITH HERMES DIAMOND

Stephen C. Hermes, CPA
Director of Assurance Services
