**Inspection of
Horwath Belize LLP
(Headquartered in Belize City, Belize)**

**Issued by the
Public Company Accounting Oversight Board
May 26, 2011**

**THIS IS A PUBLIC VERSION OF A PCAOB INSPECTION REPORT
PORTIONS OF THE COMPLETE REPORT ARE OMITTED
FROM THIS DOCUMENT IN ORDER TO COMPLY WITH
SECTIONS 104(g)(2) AND 105(b)(5)(A)
OF THE SARBANES-OXLEY ACT OF 2002**

PCAOB RELEASE NO. 104-2011-190

Notes Concerning this Report

1. Portions of this report may describe deficiencies or potential deficiencies in the systems, policies, procedures, practices, or conduct of the firm that is the subject of this report. The express inclusion of certain deficiencies and potential deficiencies, however, should not be construed to support any negative inference that any other aspect of the firm's systems, policies, procedures, practices, or conduct is approved or condoned by the Board or judged by the Board to comply with laws, rules, and professional standards.
2. Any references in this report to violations or potential violations of law, rules, or professional standards should be understood in the supervisory context in which this report was prepared. Any such references are not a result of an adversarial adjudicative process and do not constitute conclusive findings of fact or of violations for purposes of imposing legal liability. Similarly, any description herein of a firm's cooperation in addressing issues constructively should not be construed, and is not construed by the Board, as an admission, for purposes of potential legal liability, of any violation.
3. Board inspections encompass, among other things, whether the firm has failed to identify financial statement misstatements, including failures to comply with Securities and Exchange Commission ("SEC" or "Commission") disclosure requirements, in its audits of financial statements. This report's descriptions of any such auditing failures necessarily involve descriptions of the apparent misstatements or disclosure departures. The Board, however, has no authority to prescribe the form or content of an issuer's financial statements. That authority, and the authority to make binding determinations concerning whether an issuer's financial statements are misstated or fail to comply with Commission disclosure requirements, rests with the Commission. Any description, in this report, of financial statement misstatements or failures to comply with Commission disclosure requirements should not be understood as an indication that the Commission has considered or made any determination regarding these issues unless otherwise expressly stated.

INSPECTION OF HORWATH BELIZE LLP

The Public Company Accounting Oversight Board ("PCAOB" or "the Board") has conducted an inspection of the registered public accounting firm Horwath Belize LLP ("the Firm"). The Board is issuing this report of that inspection in accordance with the requirements of the Sarbanes-Oxley Act of 2002 ("the Act").

The Board is making portions of the report publicly available. Specifically, the Board is releasing to the public Part I of the report and portions of Part IV of the report. Part IV of the report consists of the Firm's comments, if any, on a draft of the report.^{1/}

The Board has elsewhere described in detail its approach to making inspection-related information publicly available consistent with legal restrictions.^{2/} A substantial portion of the Board's criticisms of a firm (specifically criticisms of the firm's quality control system), and the Board's dialogue with the firm about those criticisms, occurs out of public view, unless the firm fails to make progress to the Board's satisfaction in addressing those criticisms. In addition, the Board generally does not disclose otherwise nonpublic information, learned through inspections, about the firm or its clients. Accordingly, information in those categories generally does not appear in the publicly available portion of an inspection report.

^{1/} The Board does not make public any of a firm's comments that address a nonpublic portion of the report unless a firm specifically requests otherwise. In addition, pursuant to section 104(f) of the Act, 15 U.S.C. § 7214(f), and PCAOB Rule 4007(b), if a firm requests, and the Board grants, confidential treatment for any of the firm's comments on a draft report, the Board does not include those comments in the final report at all. The Board routinely grants confidential treatment, if requested, for any portion of a firm's response that addresses any point in the draft that the Board omits from, or any inaccurate statement in the draft that the Board corrects in, the final report.

^{2/} See Statement Concerning the Issuance of Inspection Reports, PCAOB Release No. 104-2004-001 (August 26, 2004).

PART I

INSPECTION PROCEDURES AND CERTAIN OBSERVATIONS

Members of the Board's inspection staff ("the inspection team") conducted primary procedures for the inspection from December 7, 2009 to December 11, 2009. These procedures were tailored to the nature of the Firm, certain aspects of which the inspection team understood at the outset of the inspection to be as follows:

Number of offices	1 (Belize City, Belize)
Ownership structure	Limited liability partnership
Number of partners	2
Number of professional staff ^{3/}	9
Number of issuer audit clients ^{4/}	None
Number of other issuer audits in which the Firm plays a role ^{5/}	1

^{3/} "Professional staff" includes all personnel of the Firm, except partners or shareholders and administrative support personnel. The number of partners and professional staff is provided here as an indication of the size of the Firm, and does not necessarily represent the number of the Firm's professionals who participate in audits of issuers or are "associated persons" (as defined in the Act) of the Firm.

^{4/} The number of issuer audit clients shown here is based on the Firm's self-reporting and the inspection team's review of certain information for inspection planning purposes. It does not reflect any Board determination concerning which, or how many, of the Firm's audit clients are "issuers" as defined in the Act. In some circumstances, a Board inspection may include a review of a firm's audit of financial statements of an issuer that ceased to be an audit client before the inspection, and any such former clients are not included in the number shown here.

^{5/} The number of other issuer audits encompasses audit work performed by the Firm in engagements for which the Firm was not the principal auditor, including

Board inspections are designed to identify and address weaknesses and deficiencies related to how a firm conducts audit work.^{6/} To achieve that goal, Board inspections include reviews of certain aspects of selected audit work performed by the firm and reviews of other matters related to the firm's quality control system.

In the course of reviewing aspects of selected audit work, an inspection may identify ways in which particular audit work is deficient, including failures by the firm to identify, or to address appropriately, departures from U.S. Generally Accepted Accounting Principles ("GAAP"), or, as applicable, International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS").^{7/} It is not the purpose of an inspection, however, to review all of a firm's audit work or to identify every respect in which an audit performed by the firm, or in which the firm played a role, is deficient. Accordingly, a Board inspection report should not be understood to provide any assurance that the firm's audit work, or the relevant issuer financial statements, are free of any deficiencies not specifically described in an inspection report.

A. Review of Audit Engagement

The inspection procedures included a review of aspects of the Firm's audit work on one issuer audit engagement in which it played a role but was not the principal auditor. The scope of this review was determined according to the Board's criteria, and the Firm was not allowed an opportunity to limit or influence the scope.

audits, if any, in which the Firm plays a substantial role as defined in PCAOB Rule 1001(p)(ii).

^{6/} This focus necessarily carries through to reports on inspections and, accordingly, Board inspection reports are not intended to serve as balanced report cards or overall rating tools.

^{7/} When it comes to the Board's attention that an issuer's financial statements appear not to present fairly, in a material respect, the financial position, results of operations, or cash flows of the issuer in conformity with GAAP or IFRS, the Board's practice is to report that information to the SEC, which has jurisdiction to determine proper accounting in issuers' financial statements.

The inspection team identified what it considered to be audit deficiencies. The deficiencies identified included deficiencies of such significance that it appeared to the inspection team that the Firm did not obtain sufficient competent evidential matter to fulfill the objectives of its role in the audit.^{8/} Those deficiencies were –

- (1) the failure to perform sufficient procedures related to the allowance for loan losses;
- (2) the failure to perform sufficient procedures related to loans receivable;
- (3) the failure to perform sufficient procedures related to deposit accounts;
and
- (4) the failure to perform sufficient procedures related to interest income and interest expense.

B. Review of Quality Control System

In addition to evaluating the quality of the audit work performed, the inspection included review of certain of the Firm's practices, policies, and procedures related to audit quality. This review addressed practices, policies, and procedures concerning audit performance, training, compliance with independence standards, client acceptance and retention, and the establishment of policies and procedures. Any defects in, or criticisms of, the Firm's quality control system are discussed in the

^{8/} In some cases, an inspection team's observation that a firm failed to perform a procedure may be based on the absence of documentation and the absence of persuasive other evidence, even if a firm claims to have performed the procedure. PCAOB Auditing Standard No. 3, *Audit Documentation* ("AS No. 3"), provides that, in various circumstances including PCAOB inspections, a firm that has not adequately documented that it performed a procedure, obtained evidence, or reached an appropriate conclusion must demonstrate with persuasive other evidence that it did so, and that oral assertions and explanations alone do not constitute persuasive other evidence. See AS No. 3, paragraph 9; Appendix A to AS No. 3, paragraph A28. For purposes of the inspection, an observation that the Firm did not perform a procedure, obtain evidence, or reach an appropriate conclusion may be based on the absence of such documentation and the absence of persuasive other evidence.

nonpublic portion of this report and will remain nonpublic unless the Firm fails to address them to the Board's satisfaction within 12 months of the date of this report.

END OF PART I

PARTS II AND III OF THIS REPORT ARE NONPUBLIC
AND ARE OMITTED FROM THIS PUBLIC DOCUMENT

PART IV

RESPONSE OF THE FIRM TO DRAFT INSPECTION REPORT

Pursuant to section 104(f) of the Act, 15 U.S.C. § 7214(f), and PCAOB Rule 4007(a), the Firm provided a written response to a draft of this report. Pursuant to section 104(f) of the Act and PCAOB Rule 4007(b), the Firm's response, minus any portion granted confidential treatment, is attached hereto and made part of this final inspection report.^{9/}

^{9/} In any version of an inspection report that the Board makes publicly available, any portions of a firm's response that address nonpublic portions of the report are omitted. In some cases, the result may be that none of a firm's response is made publicly available.

10 March 2011

Mr. George H. Diacont
Director
Division of Registration and Inspections
Public Company Accounting Oversight Board
1666 K Street, NW
Washington, DC 20006, USA

Dear Mr. Diacont,

We thank you for providing us with the opportunity to respond to the Public Company Accounting Oversight Board's ("PCAOB") Draft Report on the 2009 Inspection of Horwath Belize LLP dated 10 February 2011 (the "Report"), based on the Board's review of our audit of the financial statements of a significant subsidiary of an SEC registrant for fiscal 2005.

Horwath Belize LLP is resolute in its commitment to perform high quality audits and adopt systems designed to ensure and continually improve audit quality and our quality control and monitoring processes.

We acknowledge with appreciation the professionalism of the Board's inspection team during the entire review process. We equally recognize that there are different approaches to performing a high quality audit, compliant with the audit standards, which would reflect differences in the exercise of professional judgment during audit execution and a review conducted by Board inspectors. There would also be differences in professional judgment when evaluating the linkage between internal controls and the design of analytical procedures and interpretation of their results based on knowledge of the client's business cycles and their expected effect on pertinent components in the financial statements.

After considering the inspection comments and as we communicated to the PCAOB, we believe that we obtained sufficient, competent evidential matter to support our audit report and we are confident that a reissuance of our previously issued report is not required. We may not necessarily agree with the PCAOB's portrayal of our audit work in its Report and related documentation, but we value their assessment and will continue to enhance our procedures, documentation and monitoring processes as required.

We are grateful for the PCAOB's comments regarding potential areas for improvement in our audit practice and strengthening of our quality control processes as we persist in our commitment to delivering high audit quality.

Sincerely,

A handwritten signature in blue ink that reads "Horwath Belize LLP".

Horwath Belize LLP
