Inspection of
PricewaterhouseCoopers, S.C.
(Headquartered in Mexico City, United Mexican States)

Issued by the
Public Company Accounting Oversight Board

October 1, 2009

THIS IS A PUBLIC VERSION OF A PCAOB INSPECTION REPORT

PORTIONS OF THE COMPLETE REPORT ARE OMITTED
FROM THIS DOCUMENT IN ORDER TO COMPLY WITH
SECTIONS 104(g)(2) AND 105(b)(5)(A)
OF THE SARBANES-OXLEY ACT OF 2002

PCAOB RELEASE NO. 104-2009-157
Notes Concerning this Report

1. Portions of this report may describe deficiencies or potential deficiencies in the systems, policies, procedures, practices, or conduct of the firm that is the subject of this report. The express inclusion of certain deficiencies and potential deficiencies, however, should not be construed to support any negative inference that any other aspect of the firm's systems, policies, procedures, practices, or conduct is approved or condoned by the Board or judged by the Board to comply with laws, rules, and professional standards.

2. Any references in this report to violations or potential violations of law, rules, or professional standards should be understood in the supervisory context in which this report was prepared. Any such references are not a result of an adversarial adjudicative process and do not constitute conclusive findings of fact or of violations for purposes of imposing legal liability. Similarly, any description herein of a firm's cooperation in addressing issues constructively should not be construed, and is not construed by the Board, as an admission, for purposes of potential legal liability, of any violation.

3. Board inspections encompass, among other things, whether the firm has failed to identify departures from U.S. Generally Accepted Accounting Principles ("GAAP") or Securities and Exchange Commission ("SEC" or "Commission") disclosure requirements in its audits of financial statements. This report's descriptions of any such auditing failures necessarily involve descriptions of the related GAAP or disclosure departures. The Board, however, has no authority to prescribe the form or content of an issuer's financial statements. That authority, and the authority to make binding determinations concerning an issuer's compliance with GAAP or Commission disclosure requirements, rests with the Commission. Any description, in this report, of perceived departures from GAAP or Commission disclosure requirements should not be understood as an indication that the Commission has considered or made any determination regarding these issues unless otherwise expressly stated.
INSPECTION OF PRICewaterhouSeCooPERS, S.C.

The Public Company Accounting Oversight Board ("PCAOB" or "the Board") has conducted an inspection of the registered public accounting firm PricewaterhouseCoopers, S.C.1/ ("the Firm"). The Board is issuing this report of that inspection in accordance with the requirements of the Sarbanes-Oxley Act of 2002 ("the Act").

The Board is making portions of the report publicly available. Specifically, the Board is releasing to the public Part I of the report and portions of Part IV of the report. Part IV of the report consists of the Firm's comments, if any, on a draft of the report.2/

The Board has elsewhere described in detail its approach to making inspection-related information publicly available consistent with legal restrictions.3/ A substantial portion of the Board's criticisms of a firm (specifically criticisms of the firm's quality control system), and the Board's dialogue with the firm about those criticisms, occurs out of public view, unless the firm fails to make progress to the Board's satisfaction in addressing those criticisms. In addition, the Board generally does not disclose otherwise nonpublic information, learned through inspections, about the firm or its clients. Accordingly, information in those categories generally does not appear in the publicly available portion of an inspection report.

1/ The Firm has issued audit reports under the names of PricewaterhouseCoopers S.C., PricewaterhouseCoopers, and Price WaterhouseCoopers.

2/ The Board does not make public any of a firm's comments that address a nonpublic portion of the report unless a firm specifically requests otherwise. In addition, pursuant to section 104(f) of the Act, 15 U.S.C. § 7214(f), and PCAOB Rule 4007(b), if a firm requests, and the Board grants, confidential treatment for any of the firm's comments on a draft report, the Board does not include those comments in the final report at all. The Board routinely grants confidential treatment, if requested, for any portion of a firm's response that addresses any point in the draft that the Board omits from, or any inaccurate statement in the draft that the Board corrects in, the final report.

PART I

INSPECTION PROCEDURES AND CERTAIN OBSERVATIONS

Members of the Board's inspection staff ("the inspection team") conducted primary procedures for the inspection from April 24, 2006 to April 28, 2006 and from August 7, 2006 to August 14, 2006. These procedures were tailored to the nature of the Firm, certain aspects of which the inspection team understood at the outset of the inspection to be as follows:

- Number of offices: 19 (Aguascalientes, Boca Del Río, Chihuahua, Guadalajara, Hermosillo, Juárez City, León, Mérida, Mexicali, México City, Puebla, Querétaro, San Luis Potosí, San Pedro Garza García, Tampico, Tijuana, Tlalnepantla, Torreón, and Xalapa, United Mexican States)

- Ownership structure: Partnership (Sociedad civil)

- Number of partners: 156

- Number of professional staff\(^4\): 2,338

- Number of issuer audit clients\(^5\): 13

---

\(^4\) "Professional staff" includes all personnel of the Firm, except partners or shareholders and administrative support personnel. The number of partners and professional staff is provided here as an indication of the size of the Firm, and does not necessarily represent the number of the Firm's professionals who participate in audits of issuers or are "associated persons" (as defined in the Act) of the Firm.

\(^5\) The number of issuer audit clients shown here is based on the Firm's self-reporting and the inspection team's review of certain information for inspection planning purposes. It does not reflect any Board determination concerning which, or how many, of the Firm's audit clients are "issuers" as defined in the Act. In some circumstances, a Board inspection may include a review of a firm's audit of financial statements of an
Board inspections are designed to identify and address weaknesses and deficiencies related to how a firm conducts audits.\textsuperscript{6} To achieve that goal, Board inspections include reviews of certain aspects of selected audits performed by the firm and reviews of other matters related to the firm's quality control system.

In the course of reviewing aspects of selected audits, an inspection may identify ways in which a particular audit is deficient, including failures by the firm to identify, or to address appropriately, respects in which an issuer's financial statements do not present fairly the financial position, results of operations, or cash flows of the issuer in conformity with GAAP.\textsuperscript{7} It is not the purpose of an inspection, however, to review all of a firm's audits or to identify every respect in which a reviewed audit is deficient. Accordingly, a Board inspection report should not be understood to provide any assurance that the firm's audits, or its issuer clients' financial statements, are free of any deficiencies not specifically described in an inspection report.

A. Review of Audit Engagements

The inspection procedures included a review of aspects of the Firm's auditing of financial statements of three issuers. The scope of this review was determined according to the Board's criteria, and the Firm was not allowed an opportunity to limit or influence the scope.

---

\textsuperscript{6} This focus necessarily carries through to reports on inspections and, accordingly, Board inspection reports are not intended to serve as balanced report cards or overall rating tools.

\textsuperscript{7} When it comes to the Board's attention that an issuer's financial statements appear not to present fairly, in a material respect, the financial position, results of operations, or cash flows of the issuer in conformity with GAAP, the Board's practice is to report that information to the SEC, which has jurisdiction to determine proper accounting in issuers' financial statements.
The inspection team identified what it considered to be audit deficiencies. The deficiencies identified in two of the audits reviewed included deficiencies of such significance that it appeared to the inspection team that the Firm did not obtain sufficient competent evidential matter to support its opinion on the issuer's financial statements. Those deficiencies were –

(1) the failure to perform sufficient procedures to test revenues;
(2) the failure to perform sufficient procedures to test vendor discounts and rebates;
(3) the failure to perform sufficient procedures to test inventory existence and valuation;
(4) the failure to perform sufficient procedures to test litigation claims and assessments and to evaluate the consequence, on the scope of the auditor's

---

8/ PCAOB standards require a firm to take appropriate actions to assess the importance of audit deficiencies identified after the date of the audit report to the firm's present ability to support its previously expressed opinions. See AU 390, Consideration of Omitted Procedures After the Report Date, and AU 561, Subsequent Discovery of Facts Existing at the Date of the Auditor's Report (both included among the PCAOB's interim auditing standards, pursuant to PCAOB Rule 3200T). Failure to comply with these PCAOB standards could be a basis for Board disciplinary sanctions.

9/ In some cases, an inspection team's observation that a firm failed to perform a procedure may be based on the absence of documentation and the absence of persuasive other evidence, even if a firm claims to have performed the procedure. PCAOB Auditing Standard No. 3, Audit Documentation ("AS No. 3"), provides that, in various circumstances including PCAOB inspections, a firm that has not adequately documented that it performed a procedure, obtained evidence, or reached an appropriate conclusion must demonstrate with persuasive other evidence that it did so, and that oral assertions and explanations alone do not constitute persuasive other evidence. See AS No. 3, paragraph 9; Appendix A to AS No. 3, paragraph A28. For purposes of the inspection, an observation that the Firm did not perform a procedure, obtain evidence, or reach an appropriate conclusion may be based on the absence of such documentation and the absence of persuasive other evidence.
(5) the failure to perform audit procedures to test compliance with debt covenants.

B. Review of Quality Control System

In addition to evaluating the quality of the audit work performed on specific audits, the inspection included review of certain of the Firm's practices, policies, and procedures related to audit quality. This review addressed practices, policies, and procedures concerning audit performance and the following seven functional areas (1) tone at the top; (2) practices for partner evaluation, compensation, admission, assignment of responsibilities, and disciplinary actions; (3) independence implications of non-audit services; business ventures, alliances, and arrangements; personal financial interests; and commissions and contingent fees; (4) practices for client acceptance and retention; (5) practices for consultations on accounting, auditing, and SEC matters; (6) the Firm's internal inspection program; and (7) practices for establishment and communication of audit policies, procedures and methodologies, including training. Any defects in, or criticisms of, the Firm's quality control system are discussed in the nonpublic portion of this report and will remain nonpublic unless the Firm fails to address them to the Board's satisfaction within 12 months of the date of this report.

END OF PART I
PARTS II AND III OF THIS REPORT ARE NONPUBLIC
AND ARE OMITTED FROM THIS PUBLIC DOCUMENT
PART IV

RESPONSE OF THE FIRM TO DRAFT INSPECTION REPORT

Pursuant to section 104(f) of the Act, 15 U.S.C. § 7214(f), and PCAOB Rule 4007(a), the Firm provided a written response to a draft of this report. Pursuant to section 104(f) of the Act and PCAOB Rule 4007(b), the Firm’s response, minus any portion granted confidential treatment, is attached hereto and made part of this final inspection report.10/

10/ In any version of this report that the Board makes publicly available, any portions of the Firm’s response that address nonpublic portions of the report are omitted unless a firm specifically requests otherwise. In some cases, the result may be that none of a firm’s response is made publicly available.
February 27, 2009

Mr. George H. Diacoct
Director
Division of Registration and Inspections
Public Company Accounting Oversight Board
1666 K Street, N. W.
Washington, D. C. 20006
U. S. A.

Re: PricewaterhouseCoopers, S. C. Response to Draft Report on 2006 Inspection of
PricewaterhouseCoopers, S. C.

Dear Mr. Diacoct:

We are pleased to provide our response on the Public Company Accounting Oversight Board’s ("PCAOB" or the "Board") Draft Report on the 2006 Inspection of our Firm's 2005 audits (the "Report").

We very much support the PCAOB and its focus on investor confidence and audit quality. Audit quality is fundamental to our profession, and our Firm is committed to consistently performing quality audits.

Our commitment to quality is reflected in our training, audit methodology, leadership communications, internal monitoring and inspections, etc. The PCAOB inspections process, and specifically this initial inspection, provides us with an additional opportunity to assess our audit quality.

We have carefully read and considered each of the findings included in Part I - Inspection Procedures and Certain Observations of your report on your 2006 Inspection.

First, we would like to point out that the findings included therein have been addressed in actions that we have taken and continue to take in our ongoing efforts to achieve a consistently high level of audit quality.

Second, as to the above-mentioned findings, we have considered the possible need to perform additional audit procedures in accordance with AU 350, Consideration of Omitted Procedures after the Report Date, as well as AU 561, Subsequent Discovery of Facts Existing at the Date of the Auditor’s Report. With respect to the findings in Part I of the Report, additional procedures were performed and existing documentation was enhanced.

It should be noted that in no audit did the additional procedures or documentation change the audited financial statements or our audit reports on such financial statements.

We look forward to having the opportunity to meet with you to discuss the investments and efforts we have made to enhance our training, technical resources and other areas that directly impact our audit quality.
Again, we appreciate your input and the opportunity to respond to your report. We would also appreciate the opportunity to respond to any additional questions you may have, or provide such additional information that you may require.

Sincerely,

Pricewaterhousecoopers, S.C.
